

INTRODUCING

# THE FAITH ARLINGTON APP

# INSTALLATION & SETUP

Search “Faith Arlington” in your app store.  
Download or install on your device.

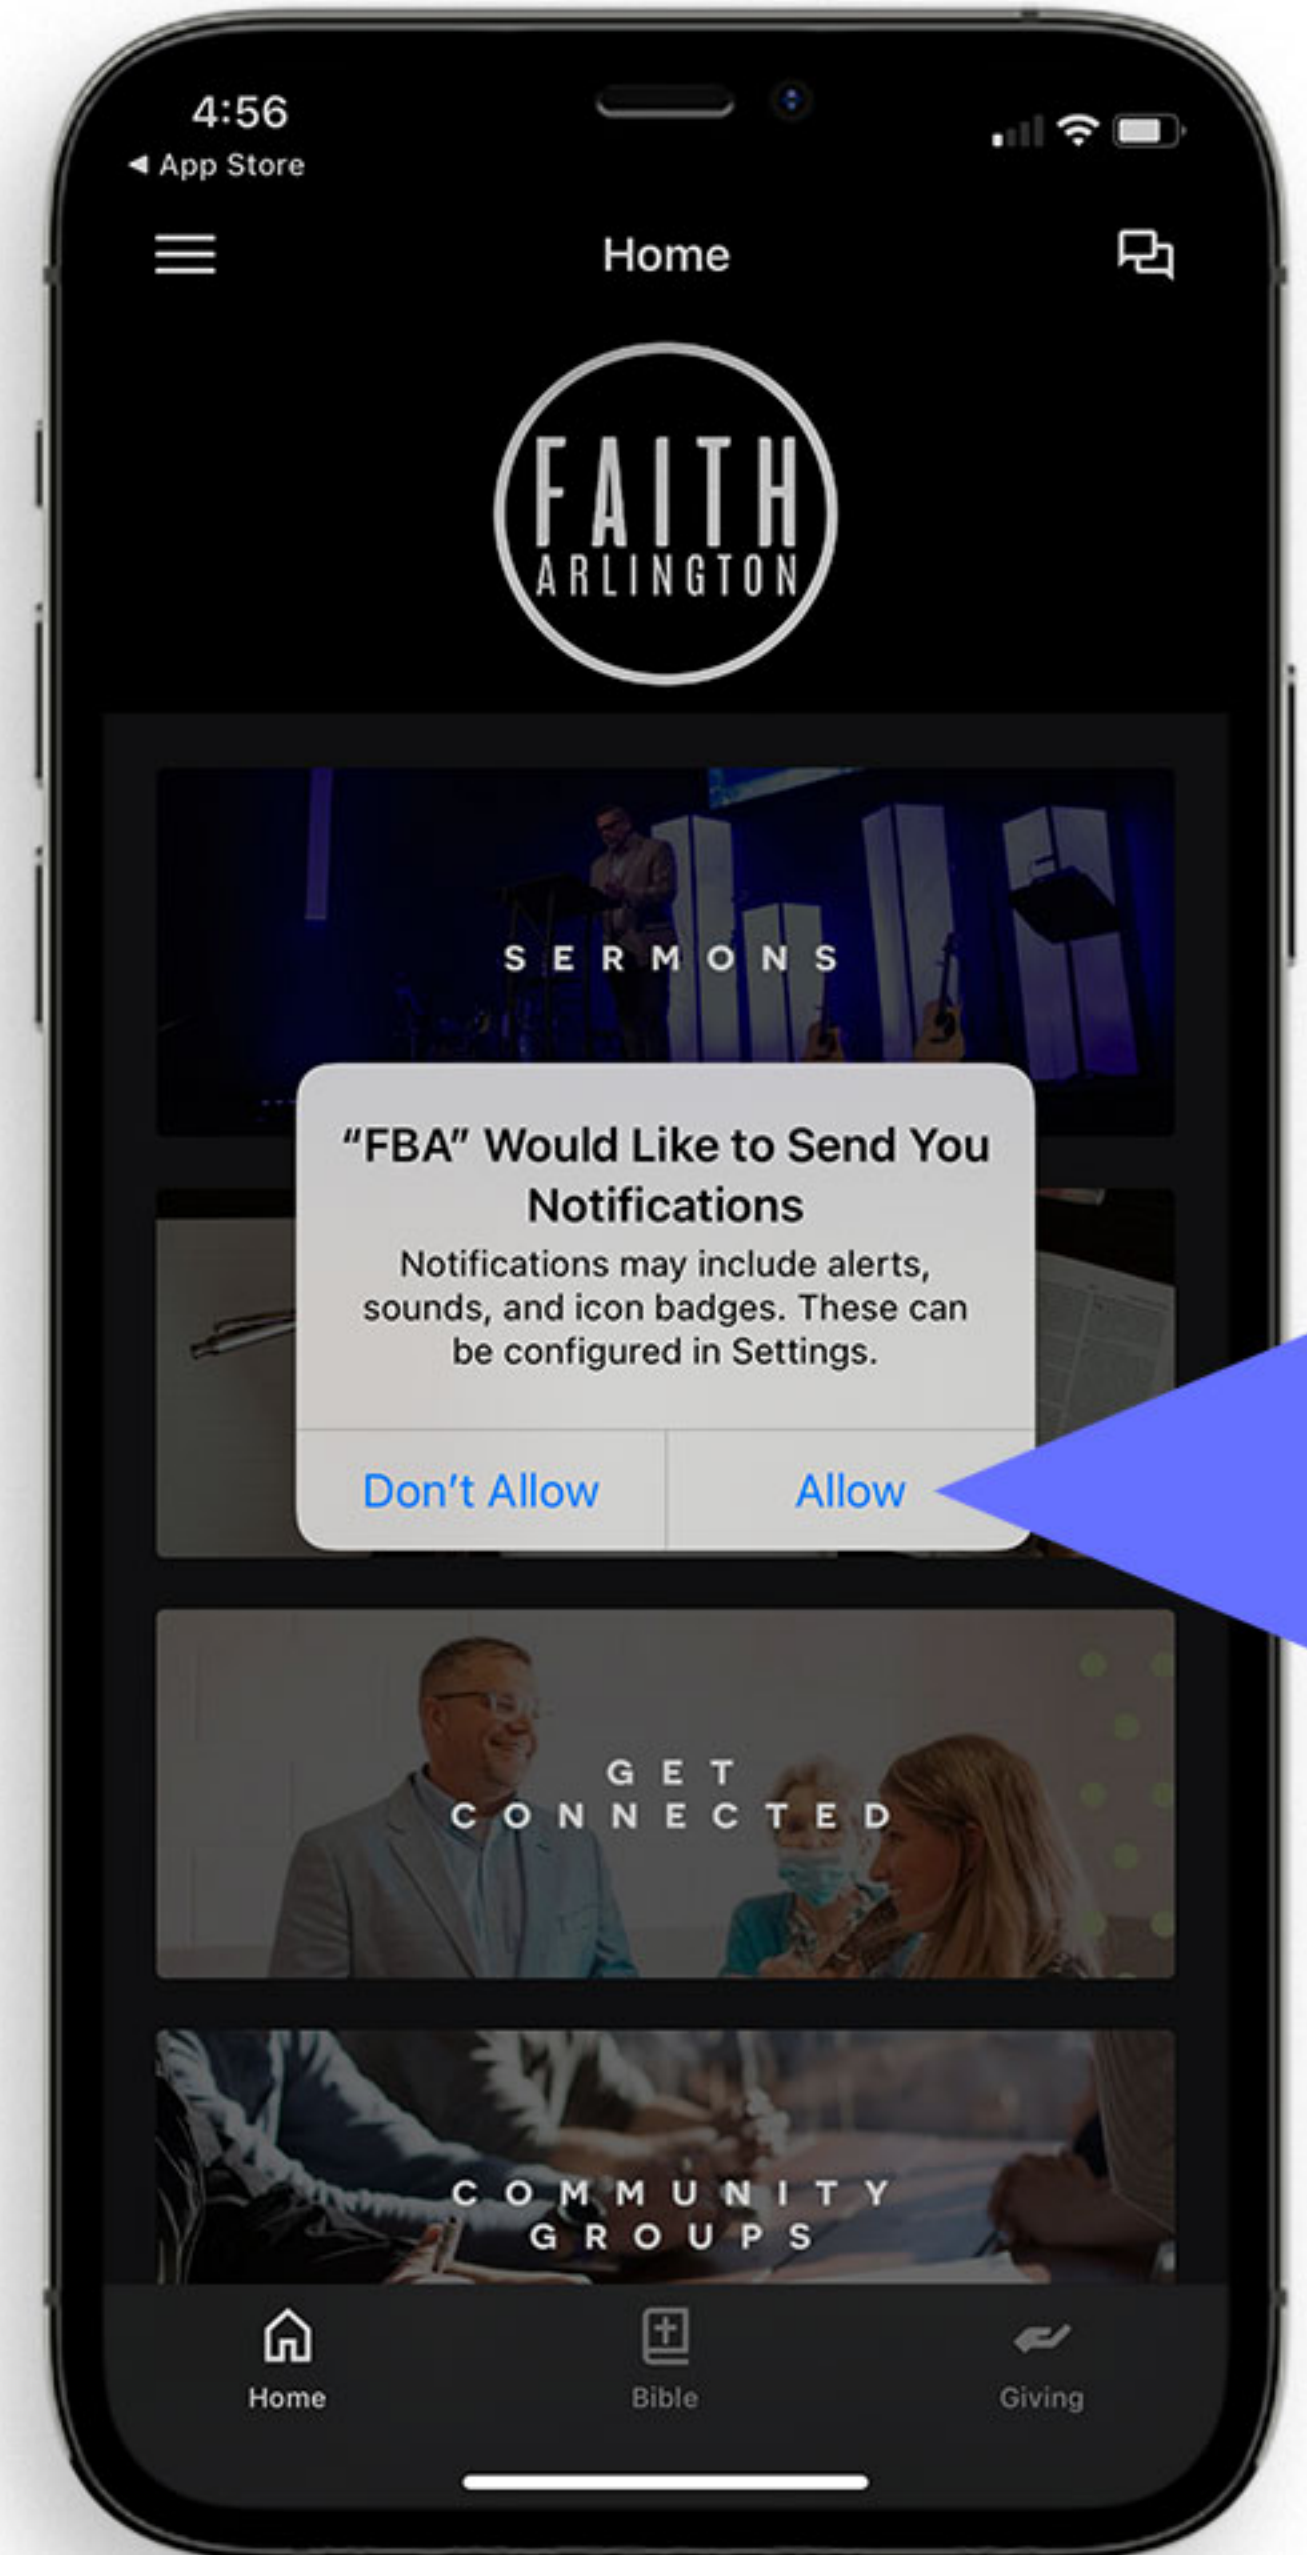

# INSTALLATION & SETUP

When this prompt appears, **please allow the app to send you notifications!** This allows you to receive updates about announcements, new items, events, etc.

You will be able to customize the types of notifications you receive later.

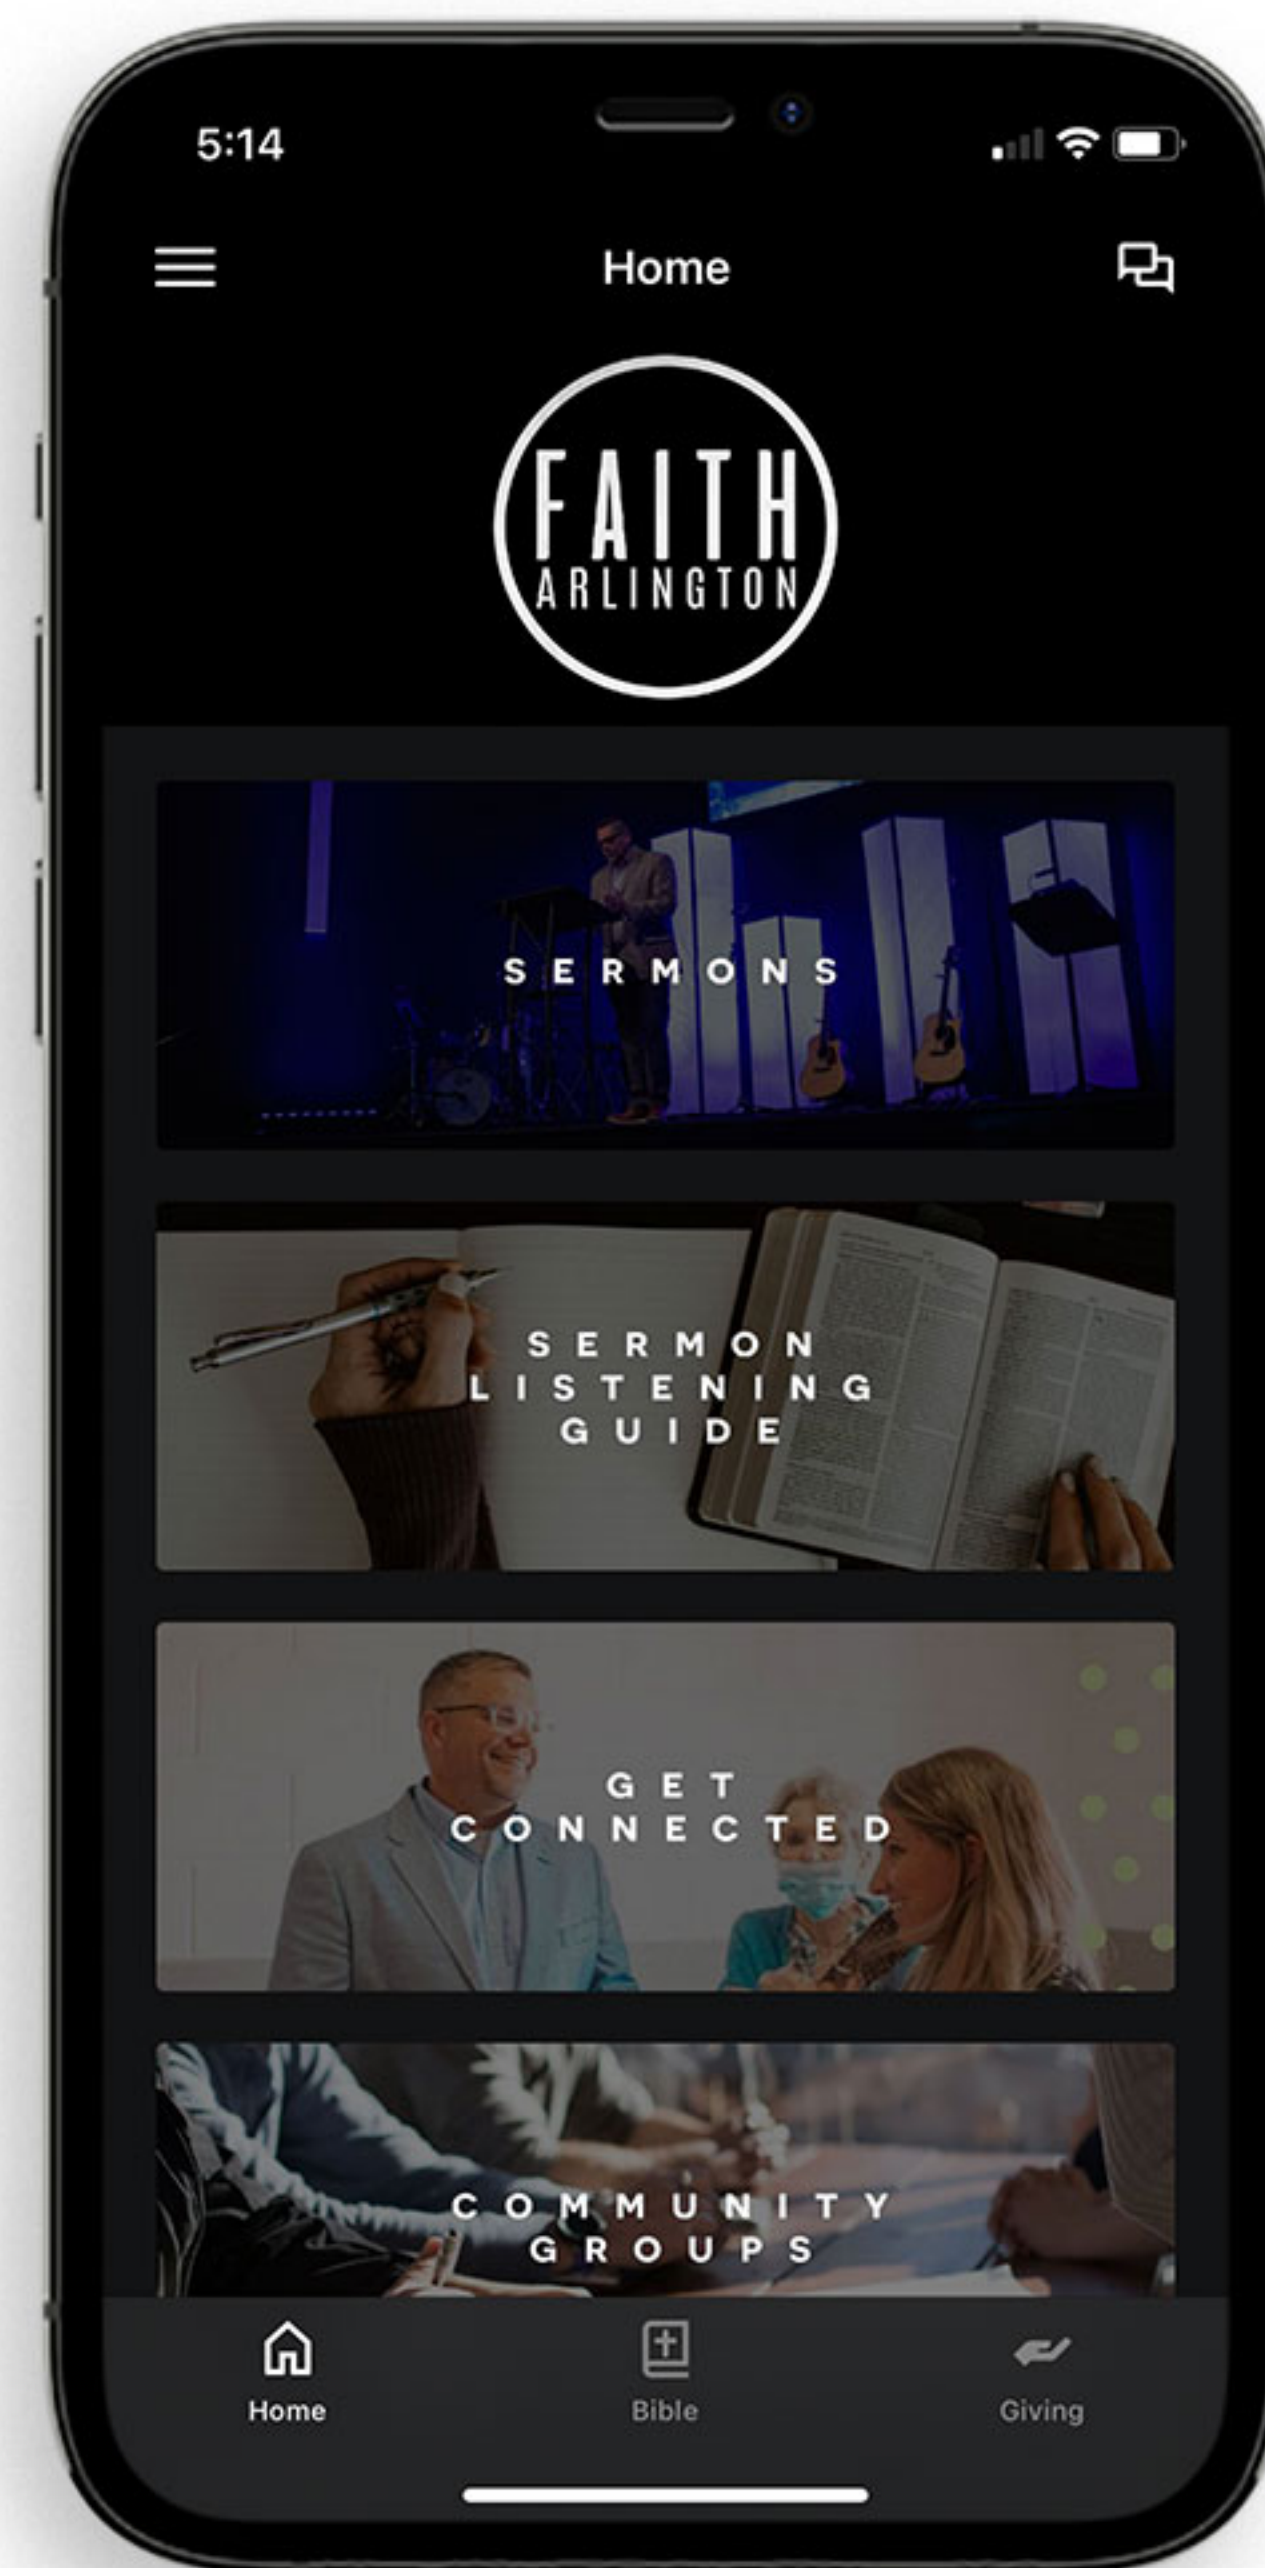

# INSTALLATION & SETUP

Once your notification settings have been selected, you're able to explore the app!

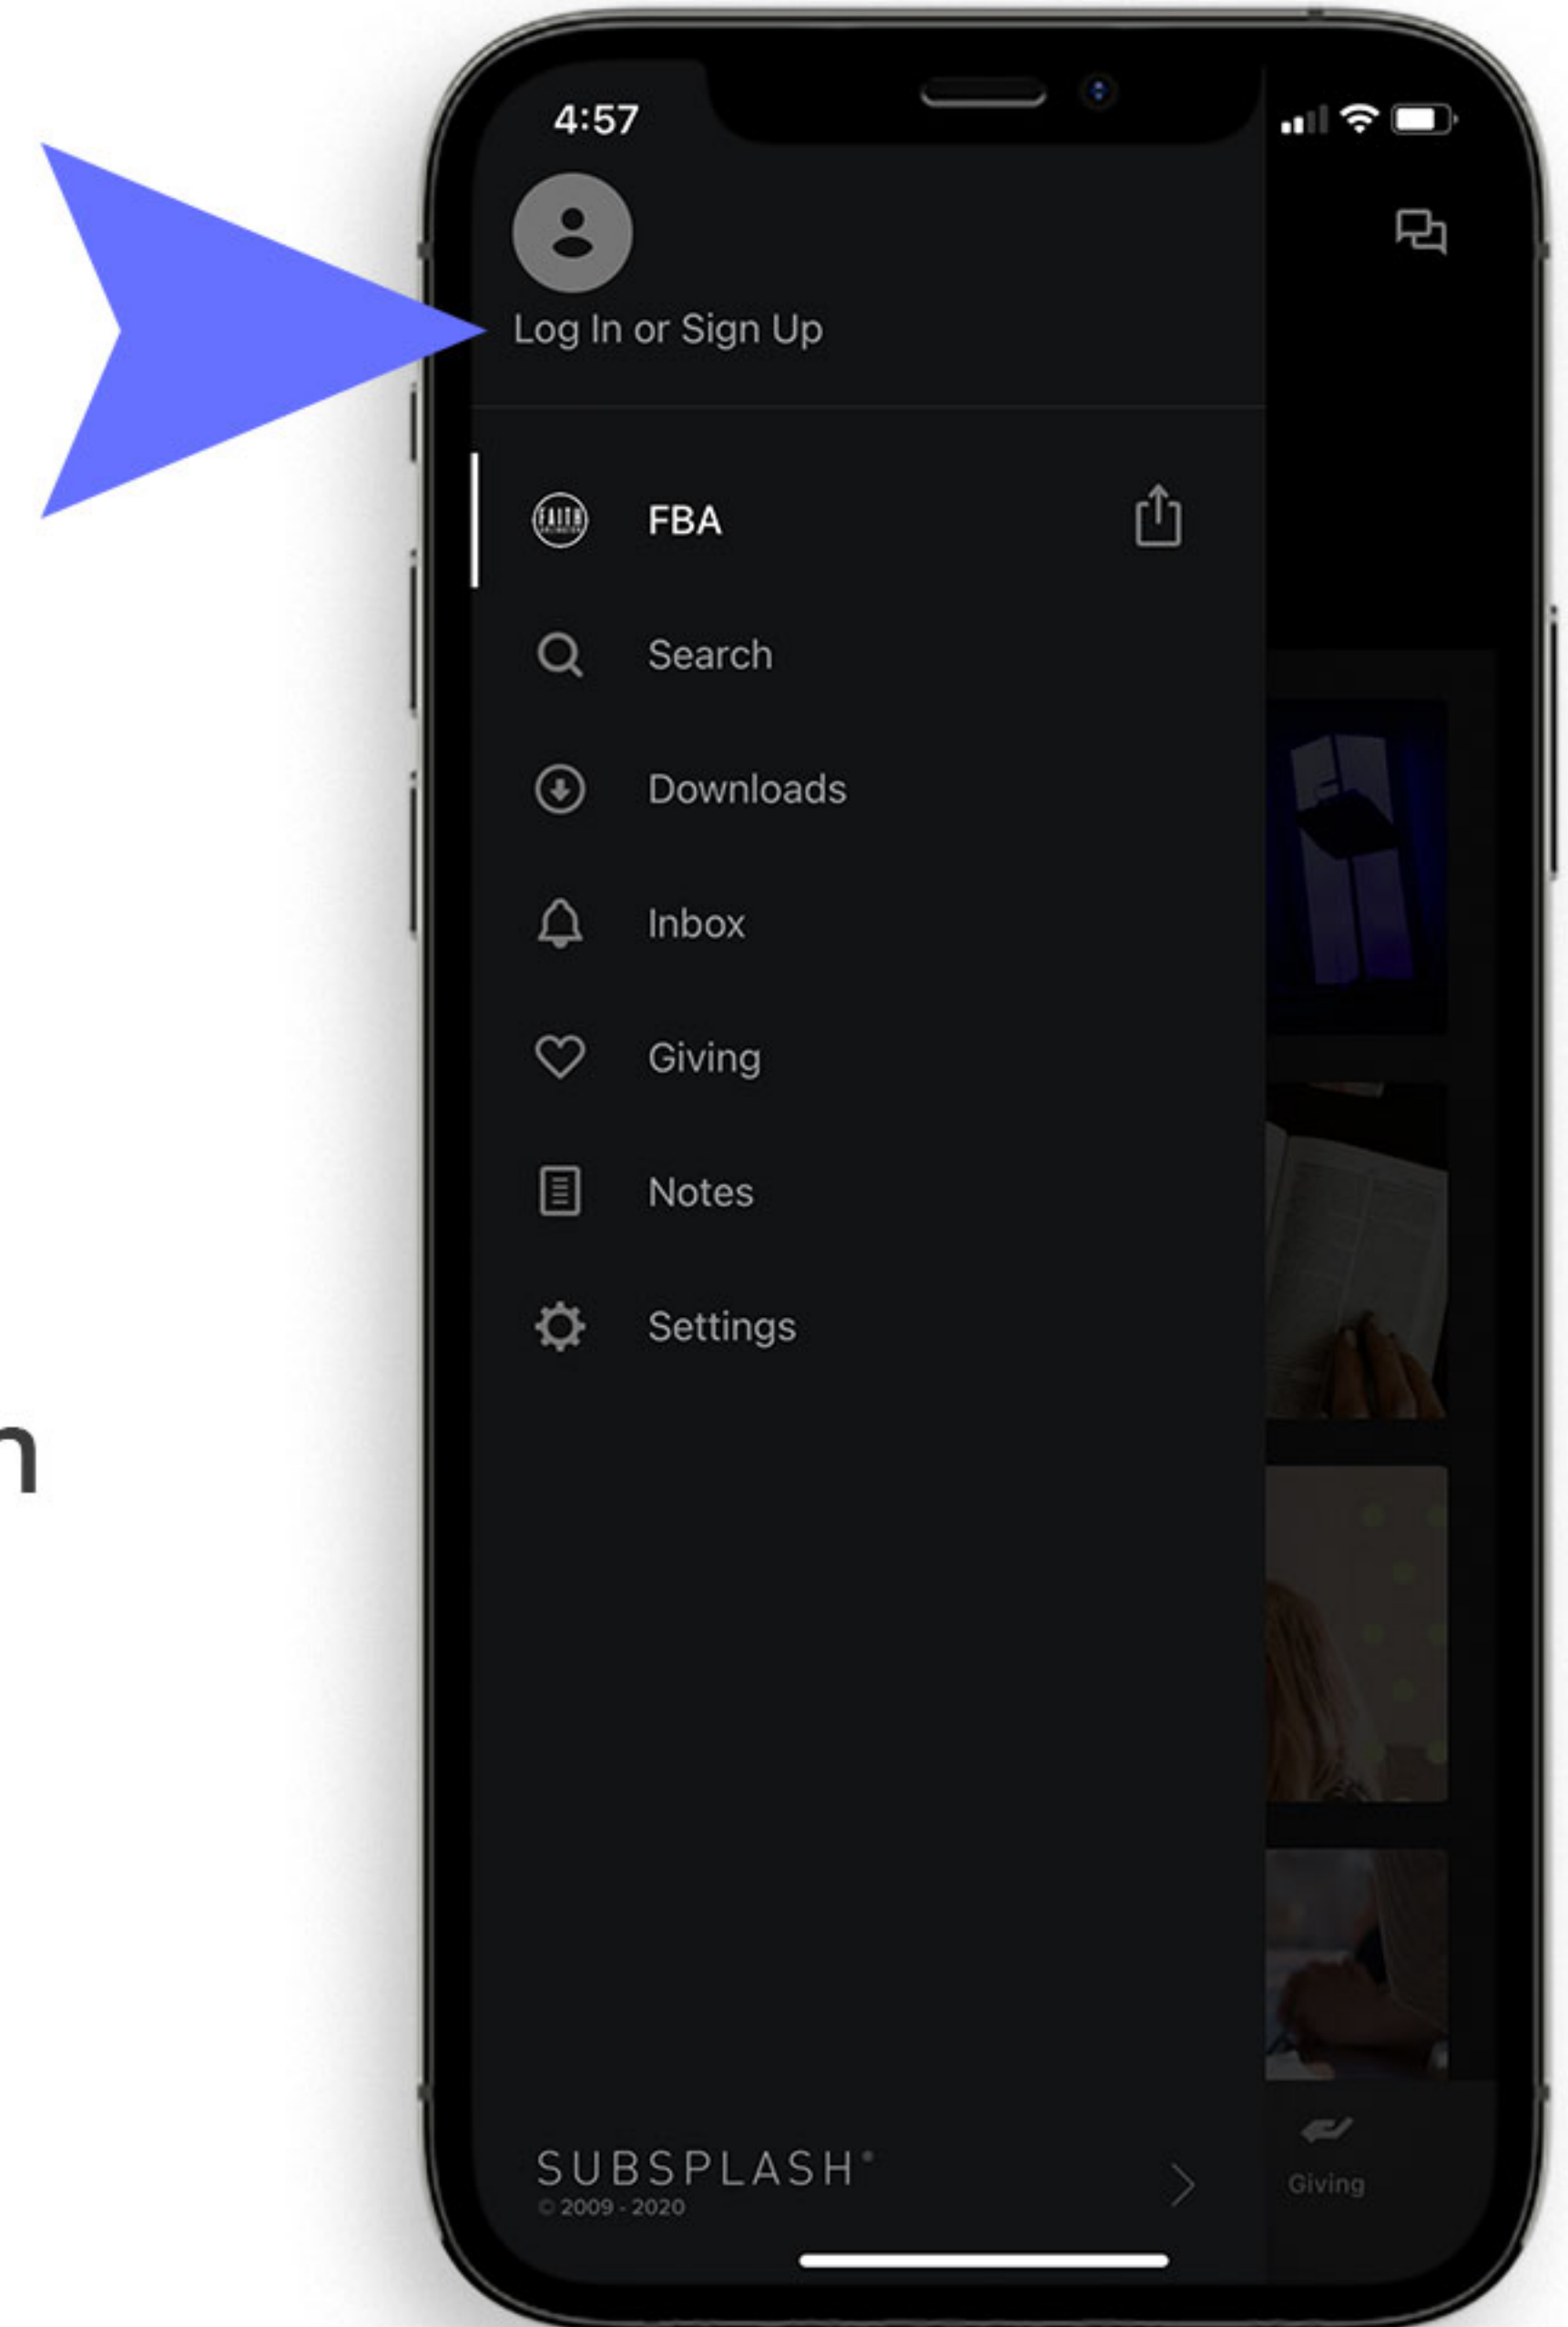

You'll quickly find our latest sermons, listening guides, available community groups, and much more!

## ACCOUNT SIGNUP

Signing up for a Faith Arlington App account opens up a lot of awesome features!

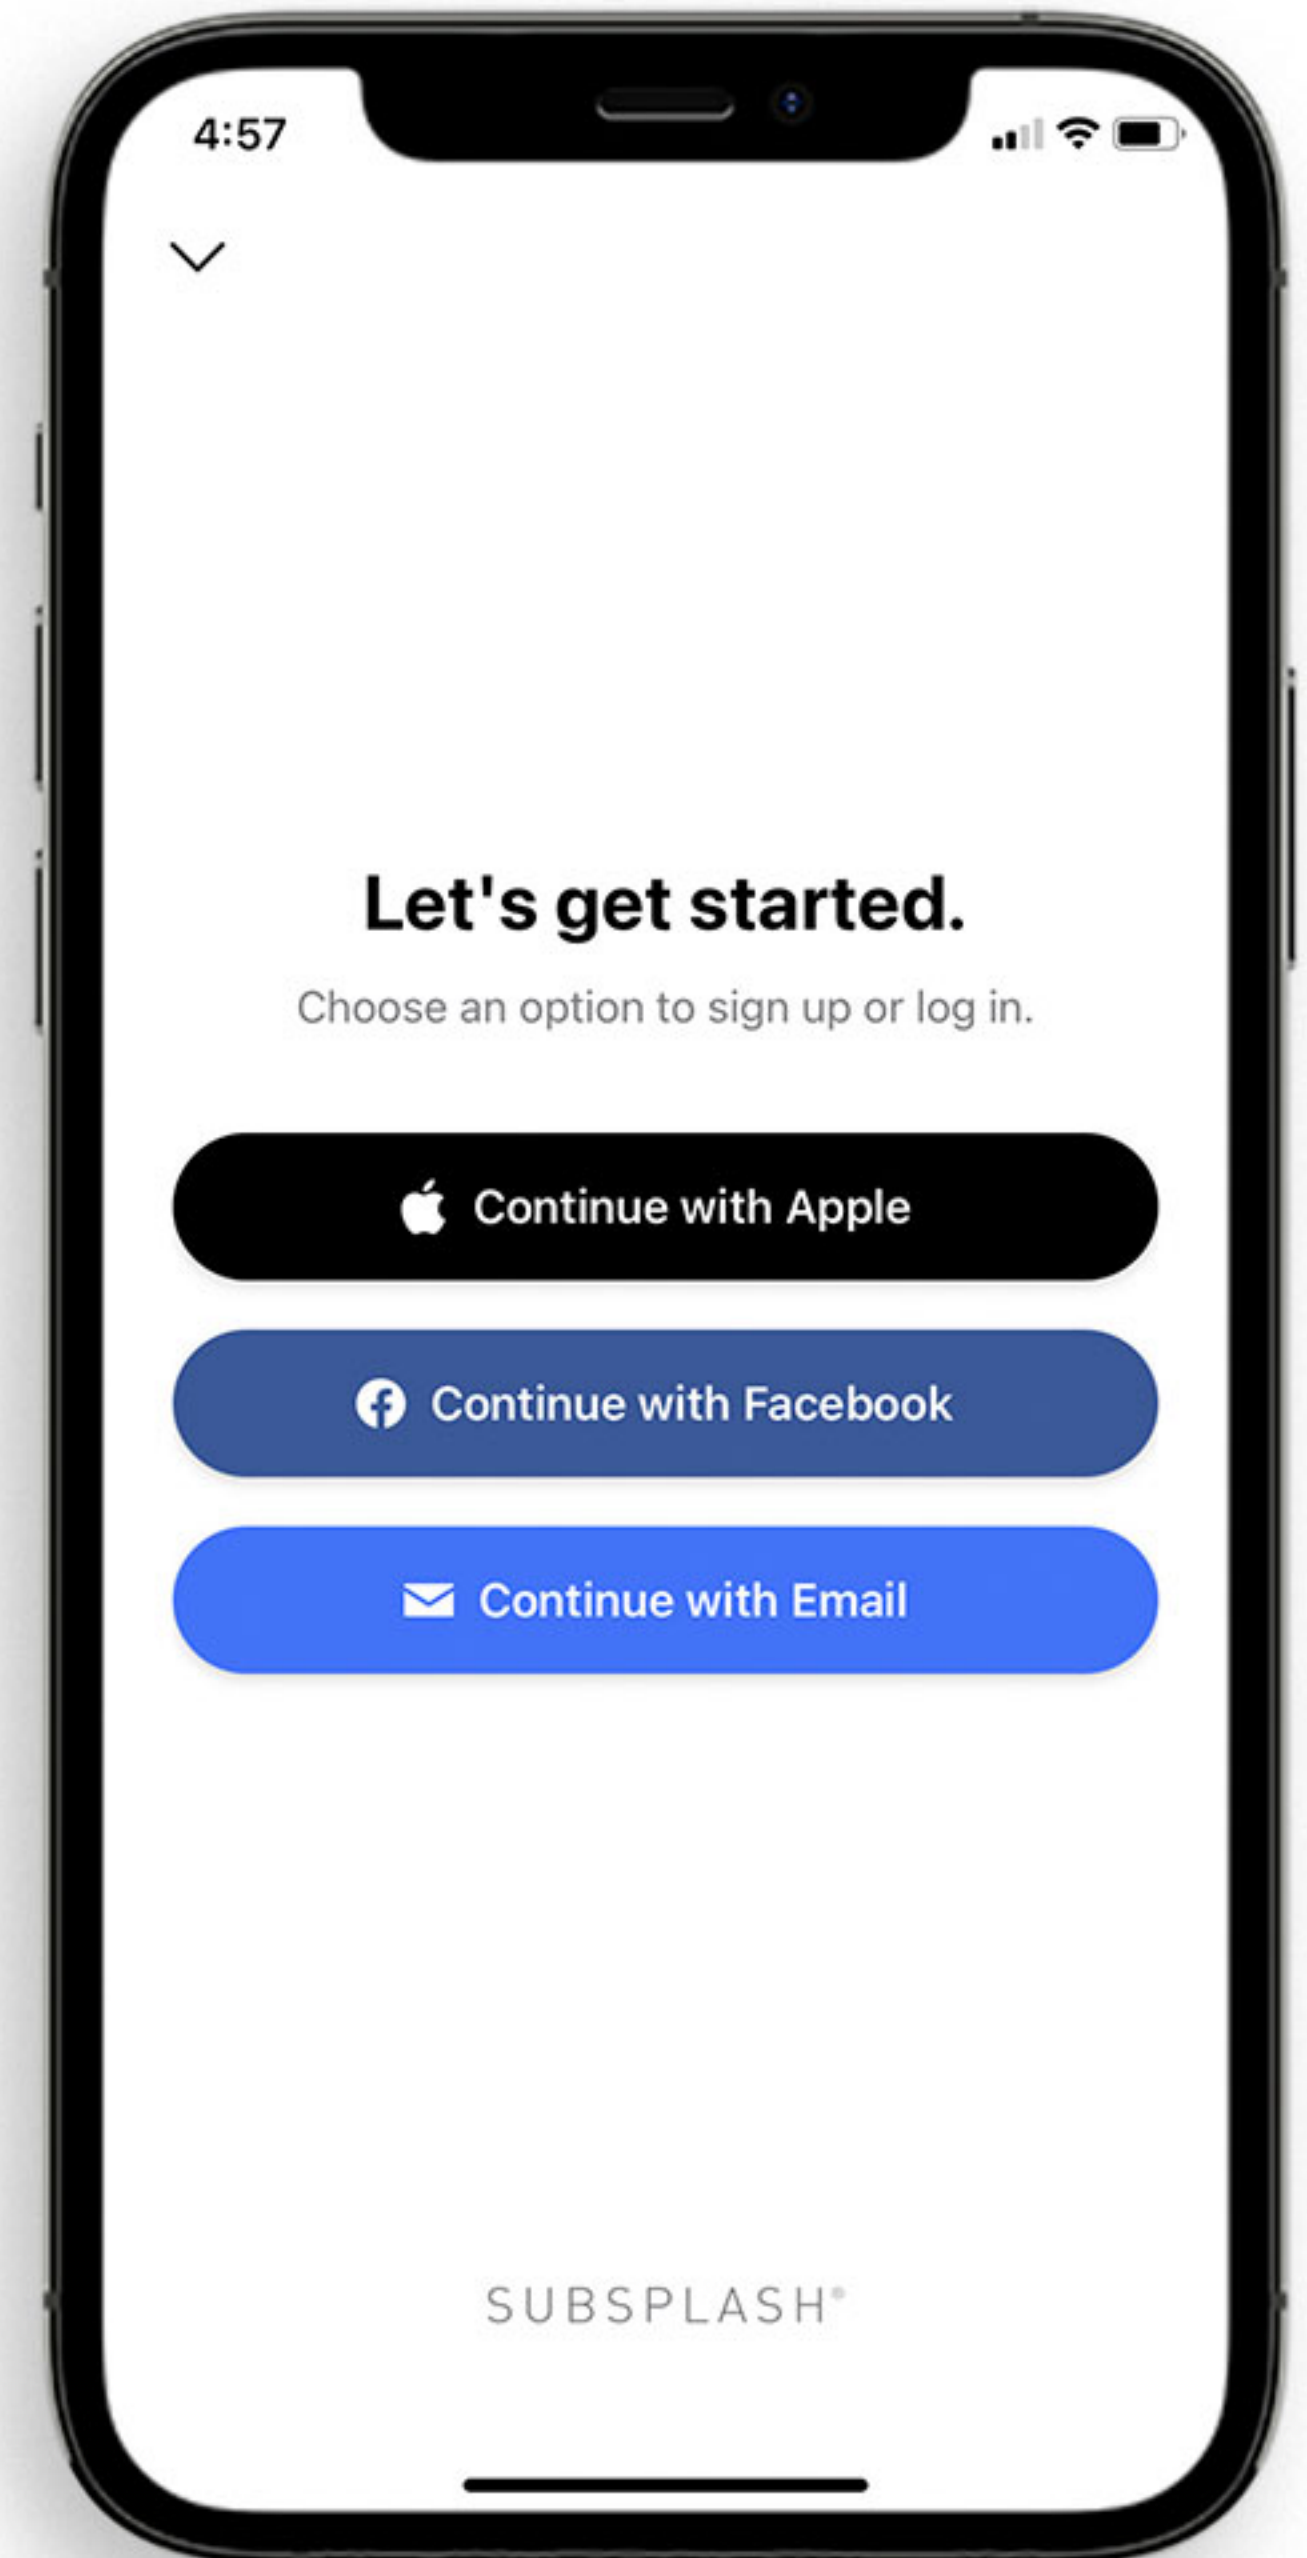

Use the menu icon in the top left corner, then click “**Log in or Sign Up**” at the top.

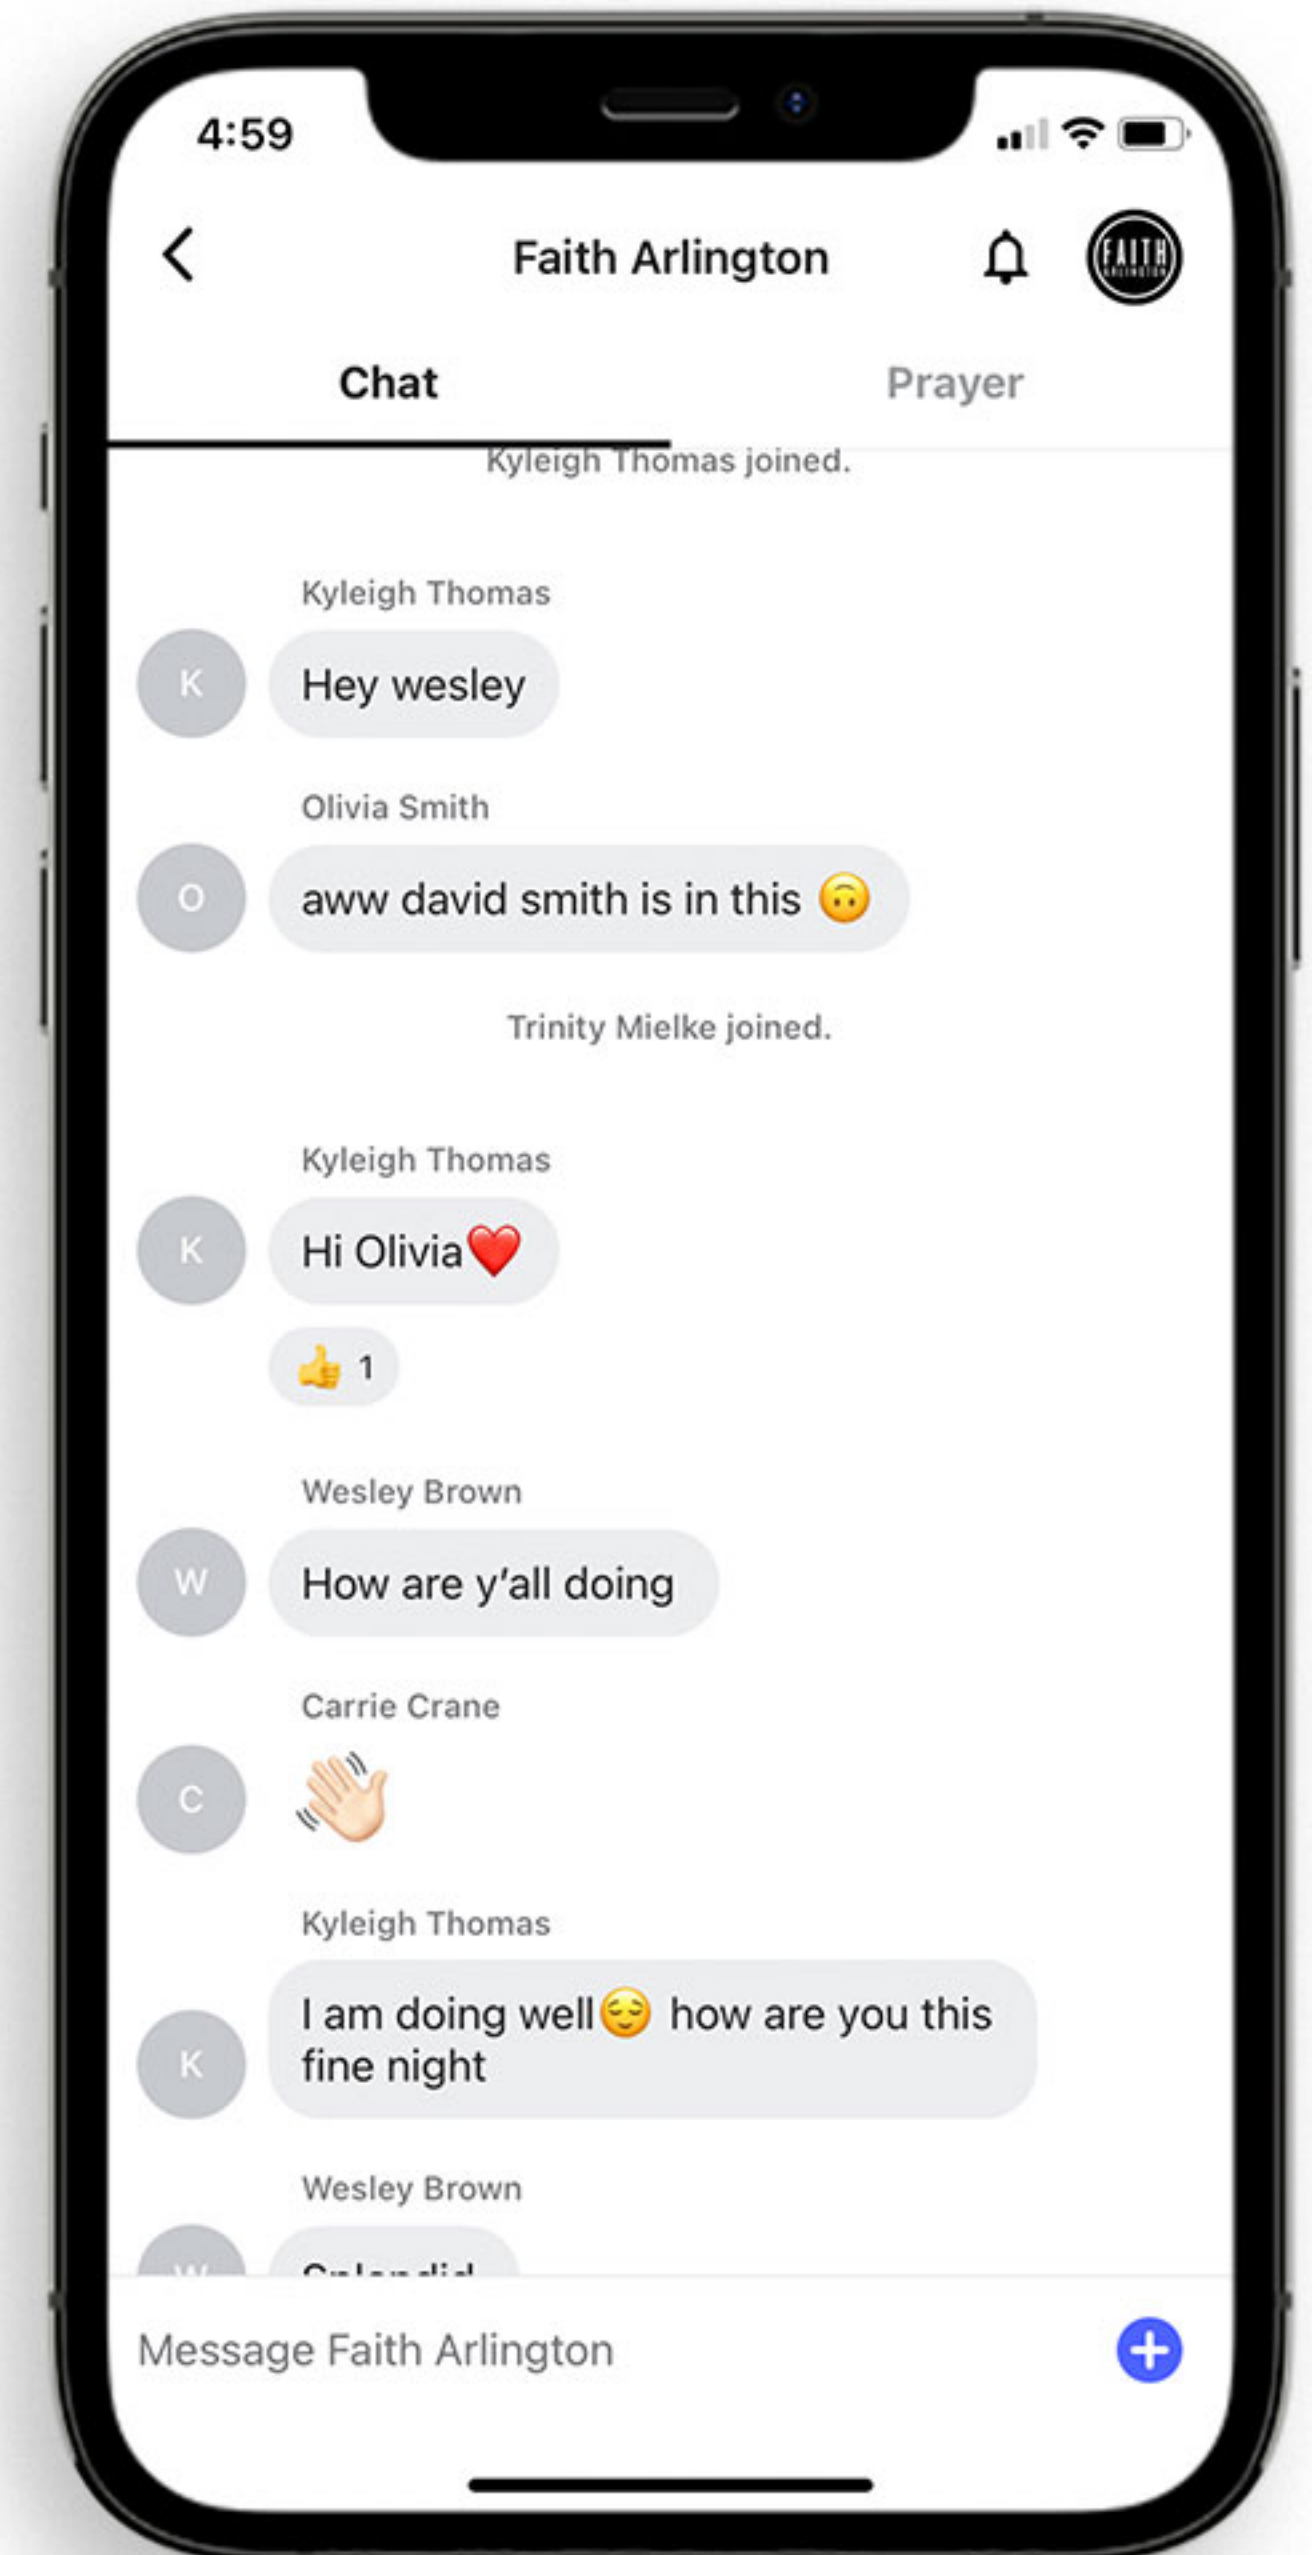

## ACCOUNT SIGNUP

You can log in with your Apple ID, Facebook account, or Email address - use whichever is most convenient for you. **And don't worry, Faith Arlington will not be able to access any of your personal information regardless of which method you choose.**

# M E S S A G I N G

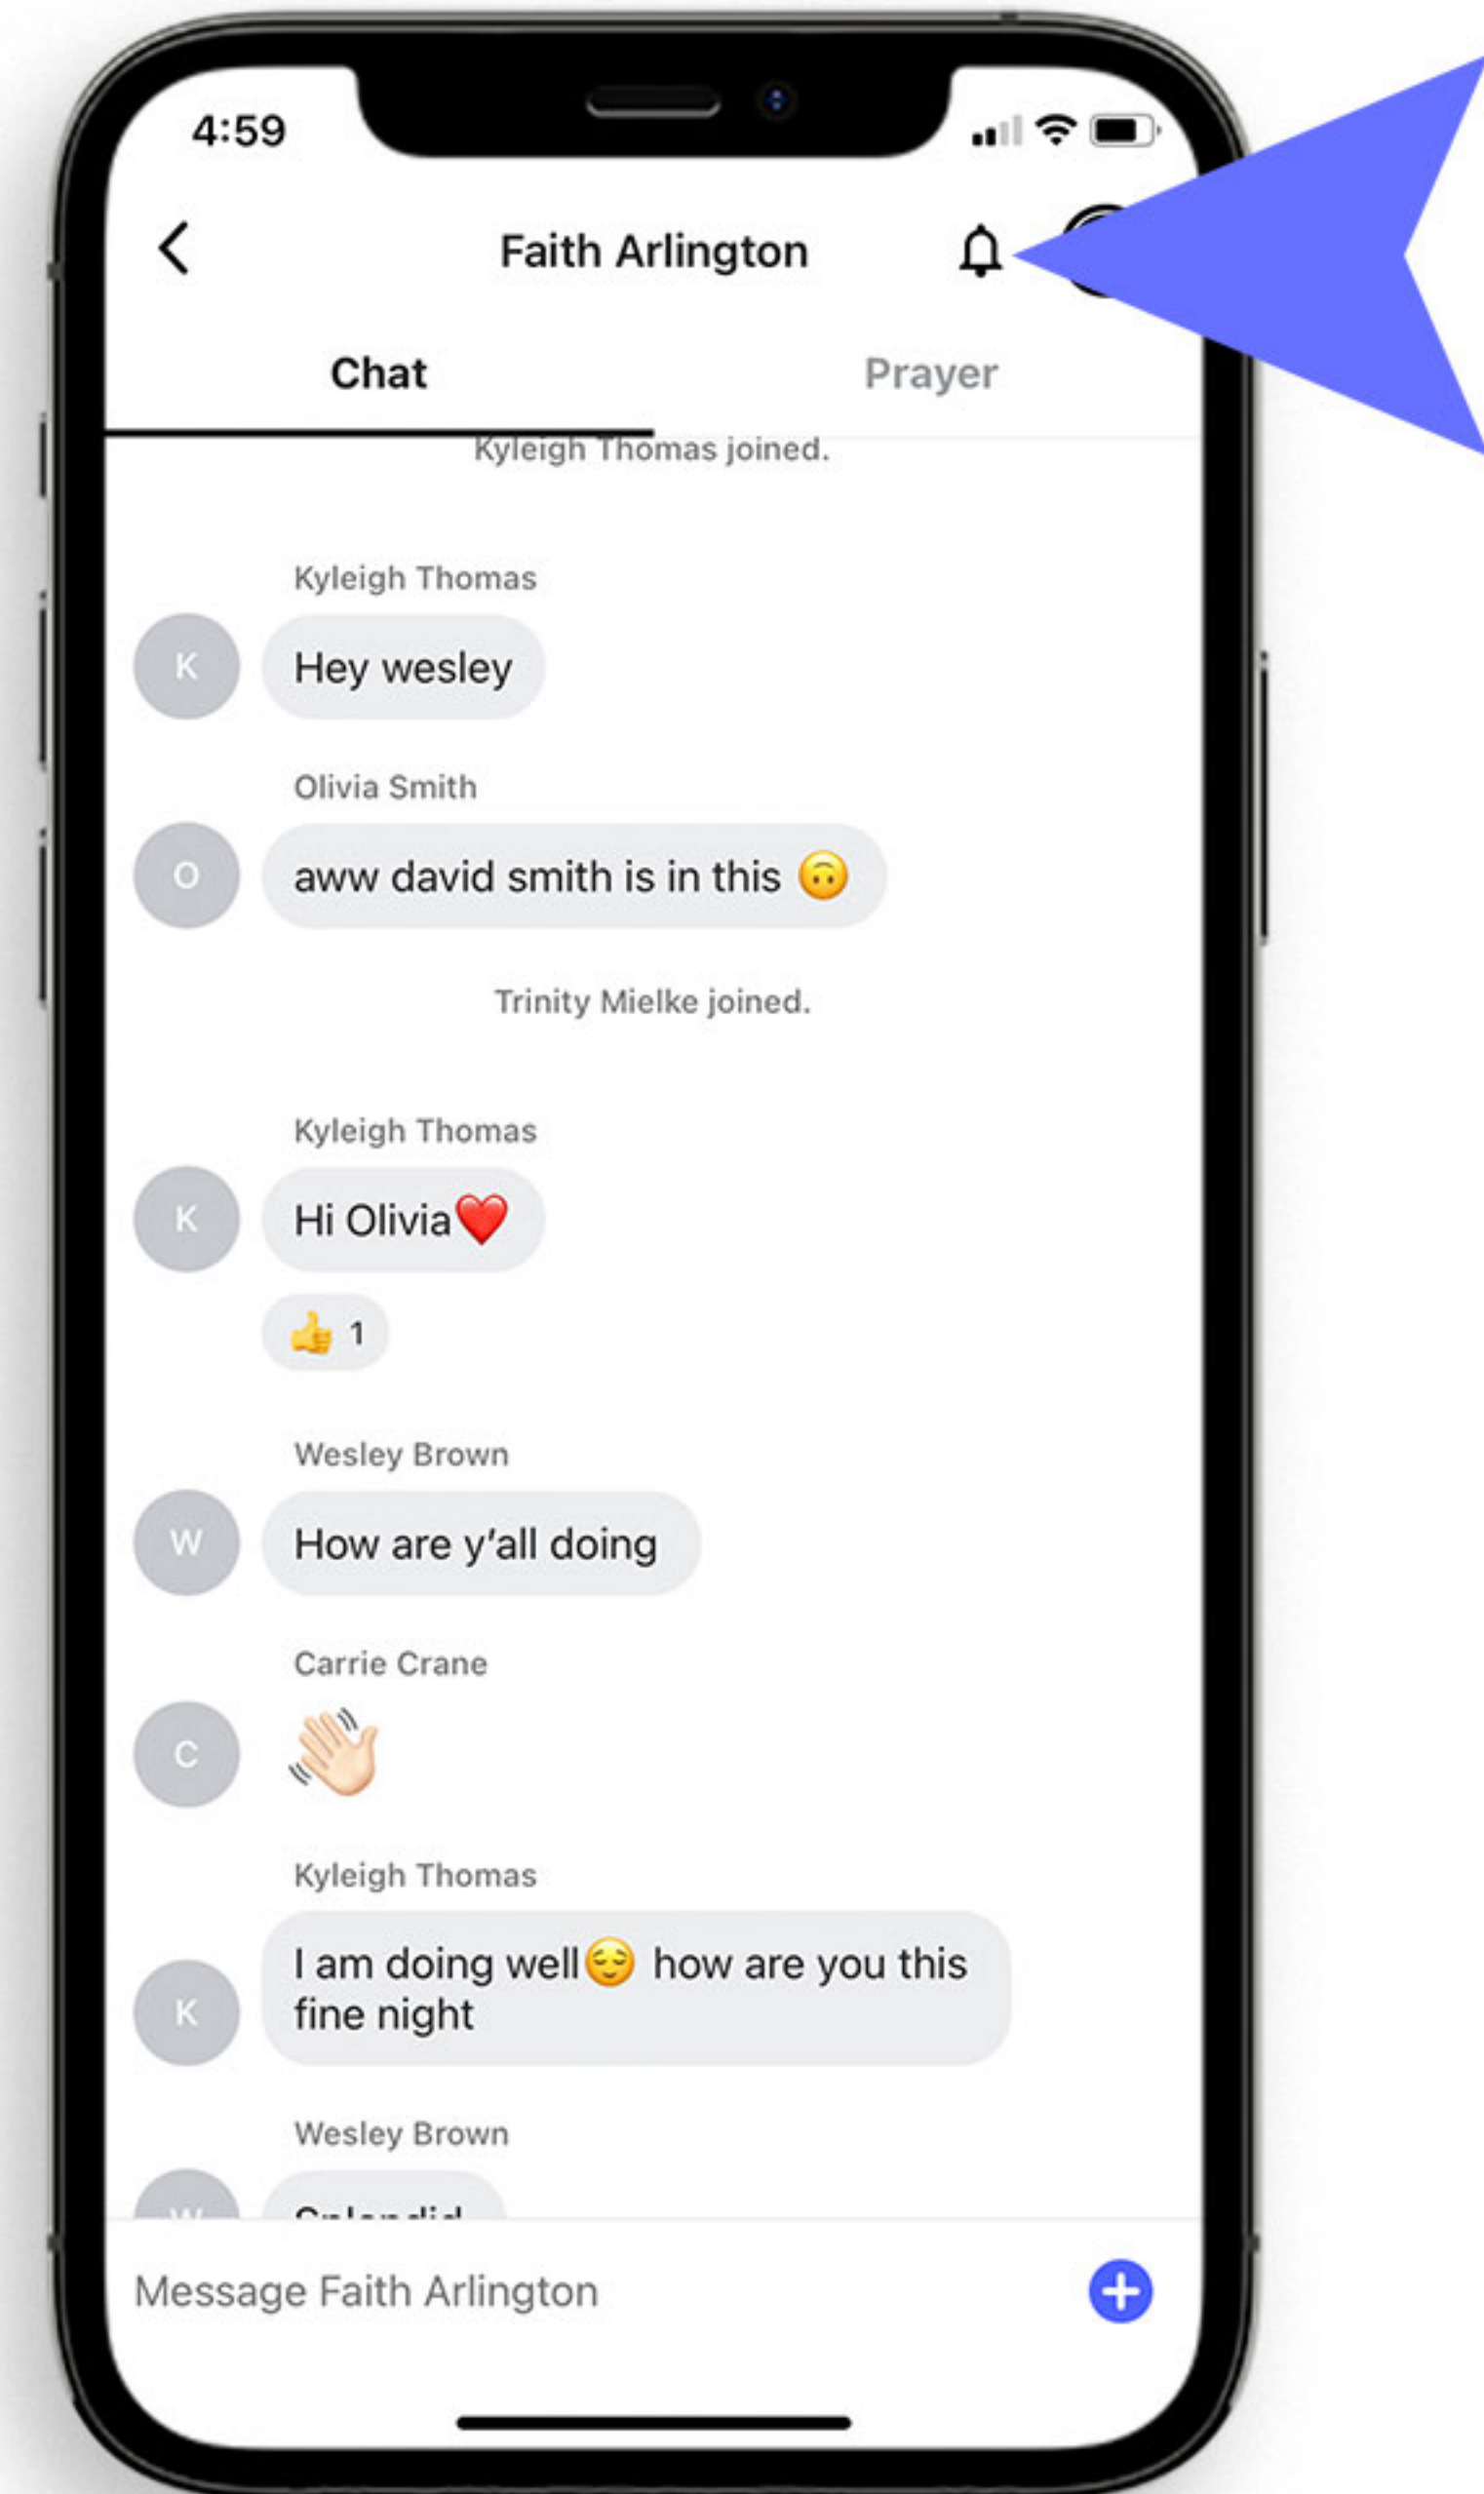

Signing up for an account allows us to add you to different Messaging channels. These channels let us communicate as groups in the church. We will have messaging groups for the whole church, community groups, students, etc.

# M E S S A G I N G

If you want to turn off notifications for a messaging group, just click the bell icon in the top right corner to mute the channel. You'll still get an indicator on the app icon on your device, but your phone won't chime or vibrate!

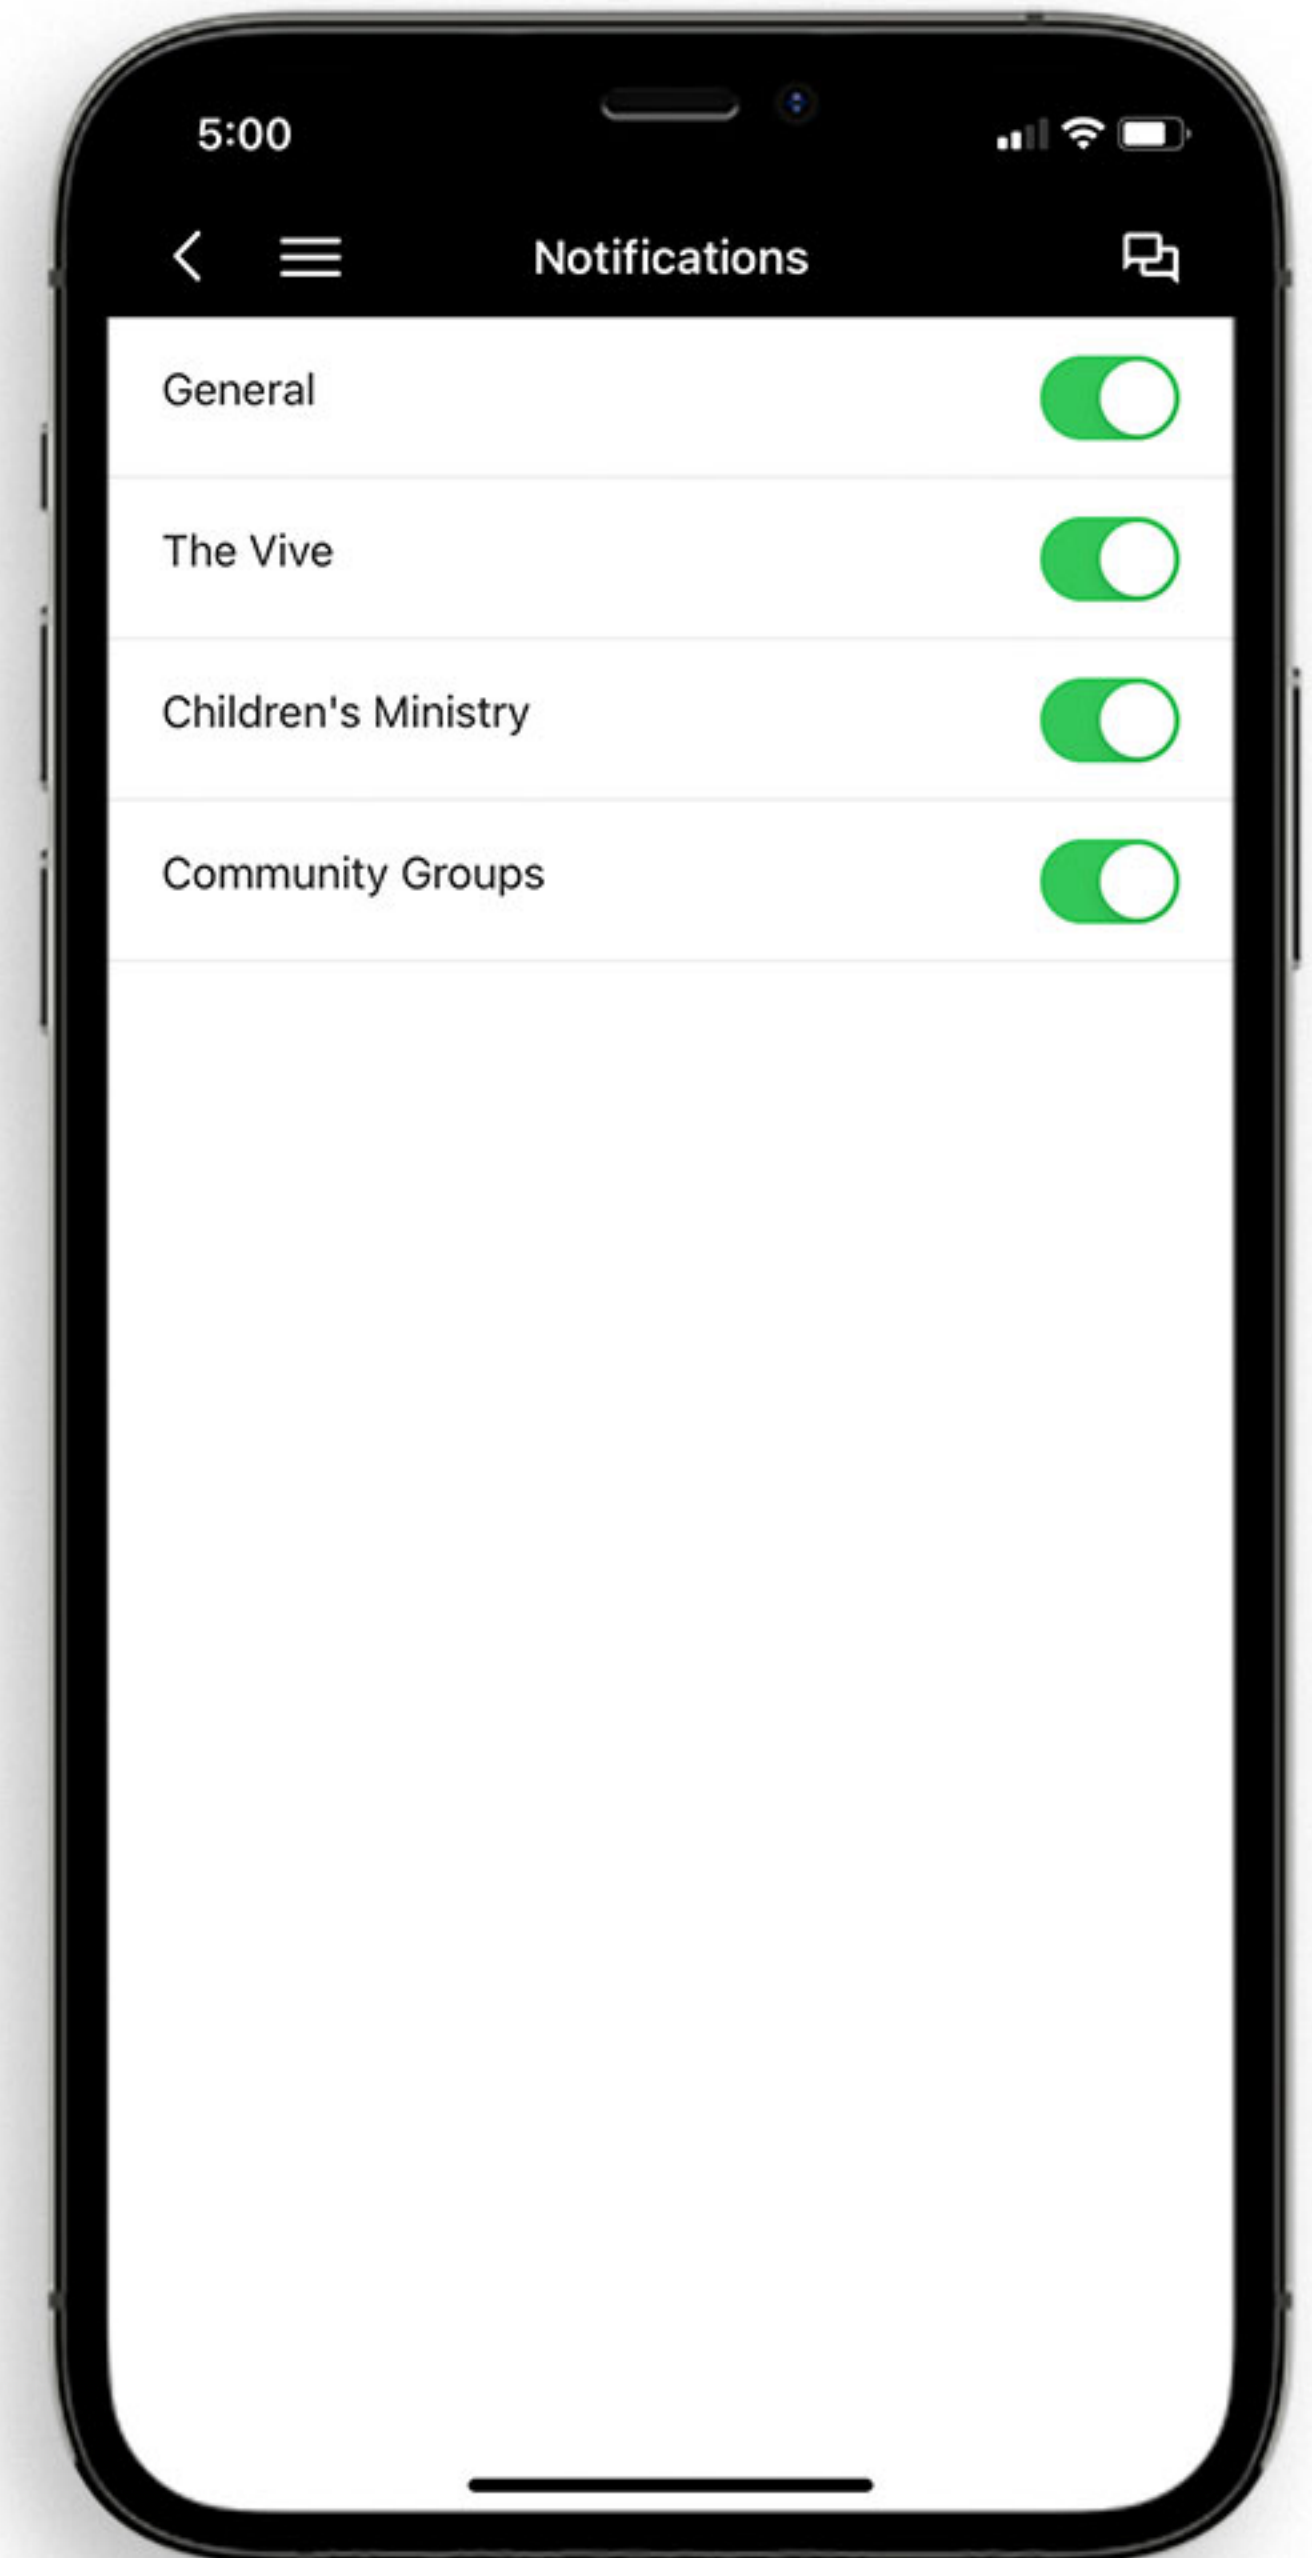

# NOTIFICATIONS

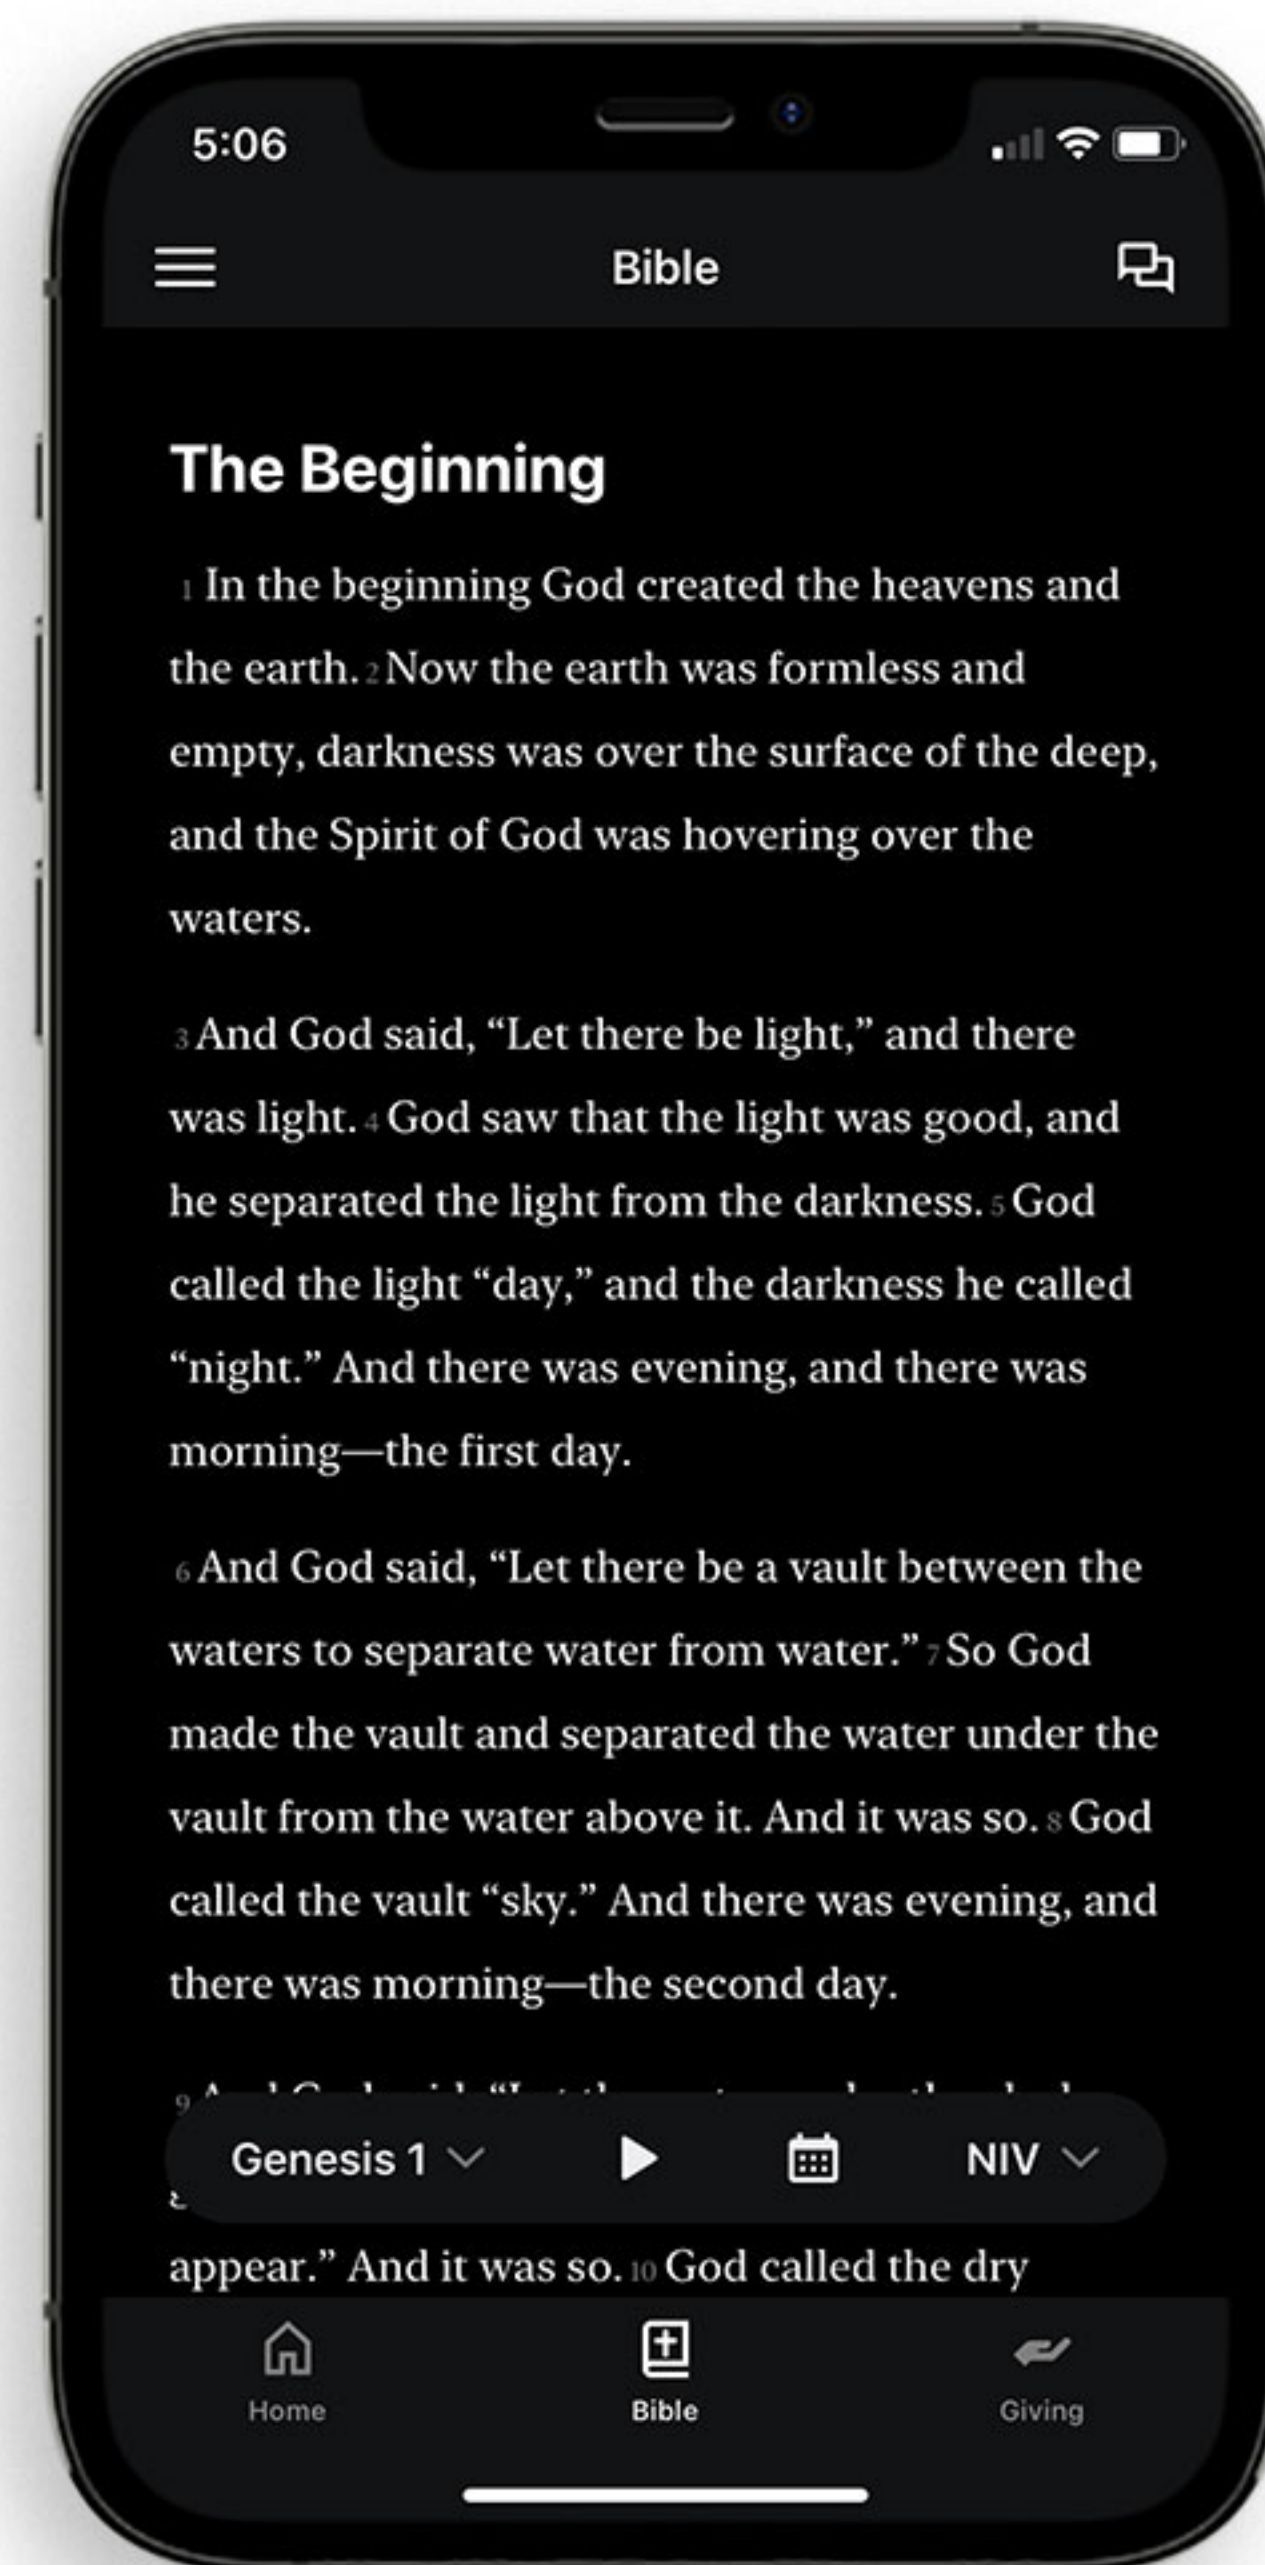

We have notification options for several ministries and features. We will use this feature to keep you updated with information and announcements you may be interested in.

To customize your notifications, **tap the main menu icon on the top left, then tap Settings - Notifications** and turn on the ones you want!

# B I B L E

The Bible tab is a great place to read or listen to the Word! There is a daily reading plan that you can access by clicking the calendar icon, you can listen to a passage by clicking the “play” icon, and you can read different versions (ASV, ESV, NIV, NLT, and RVA)!

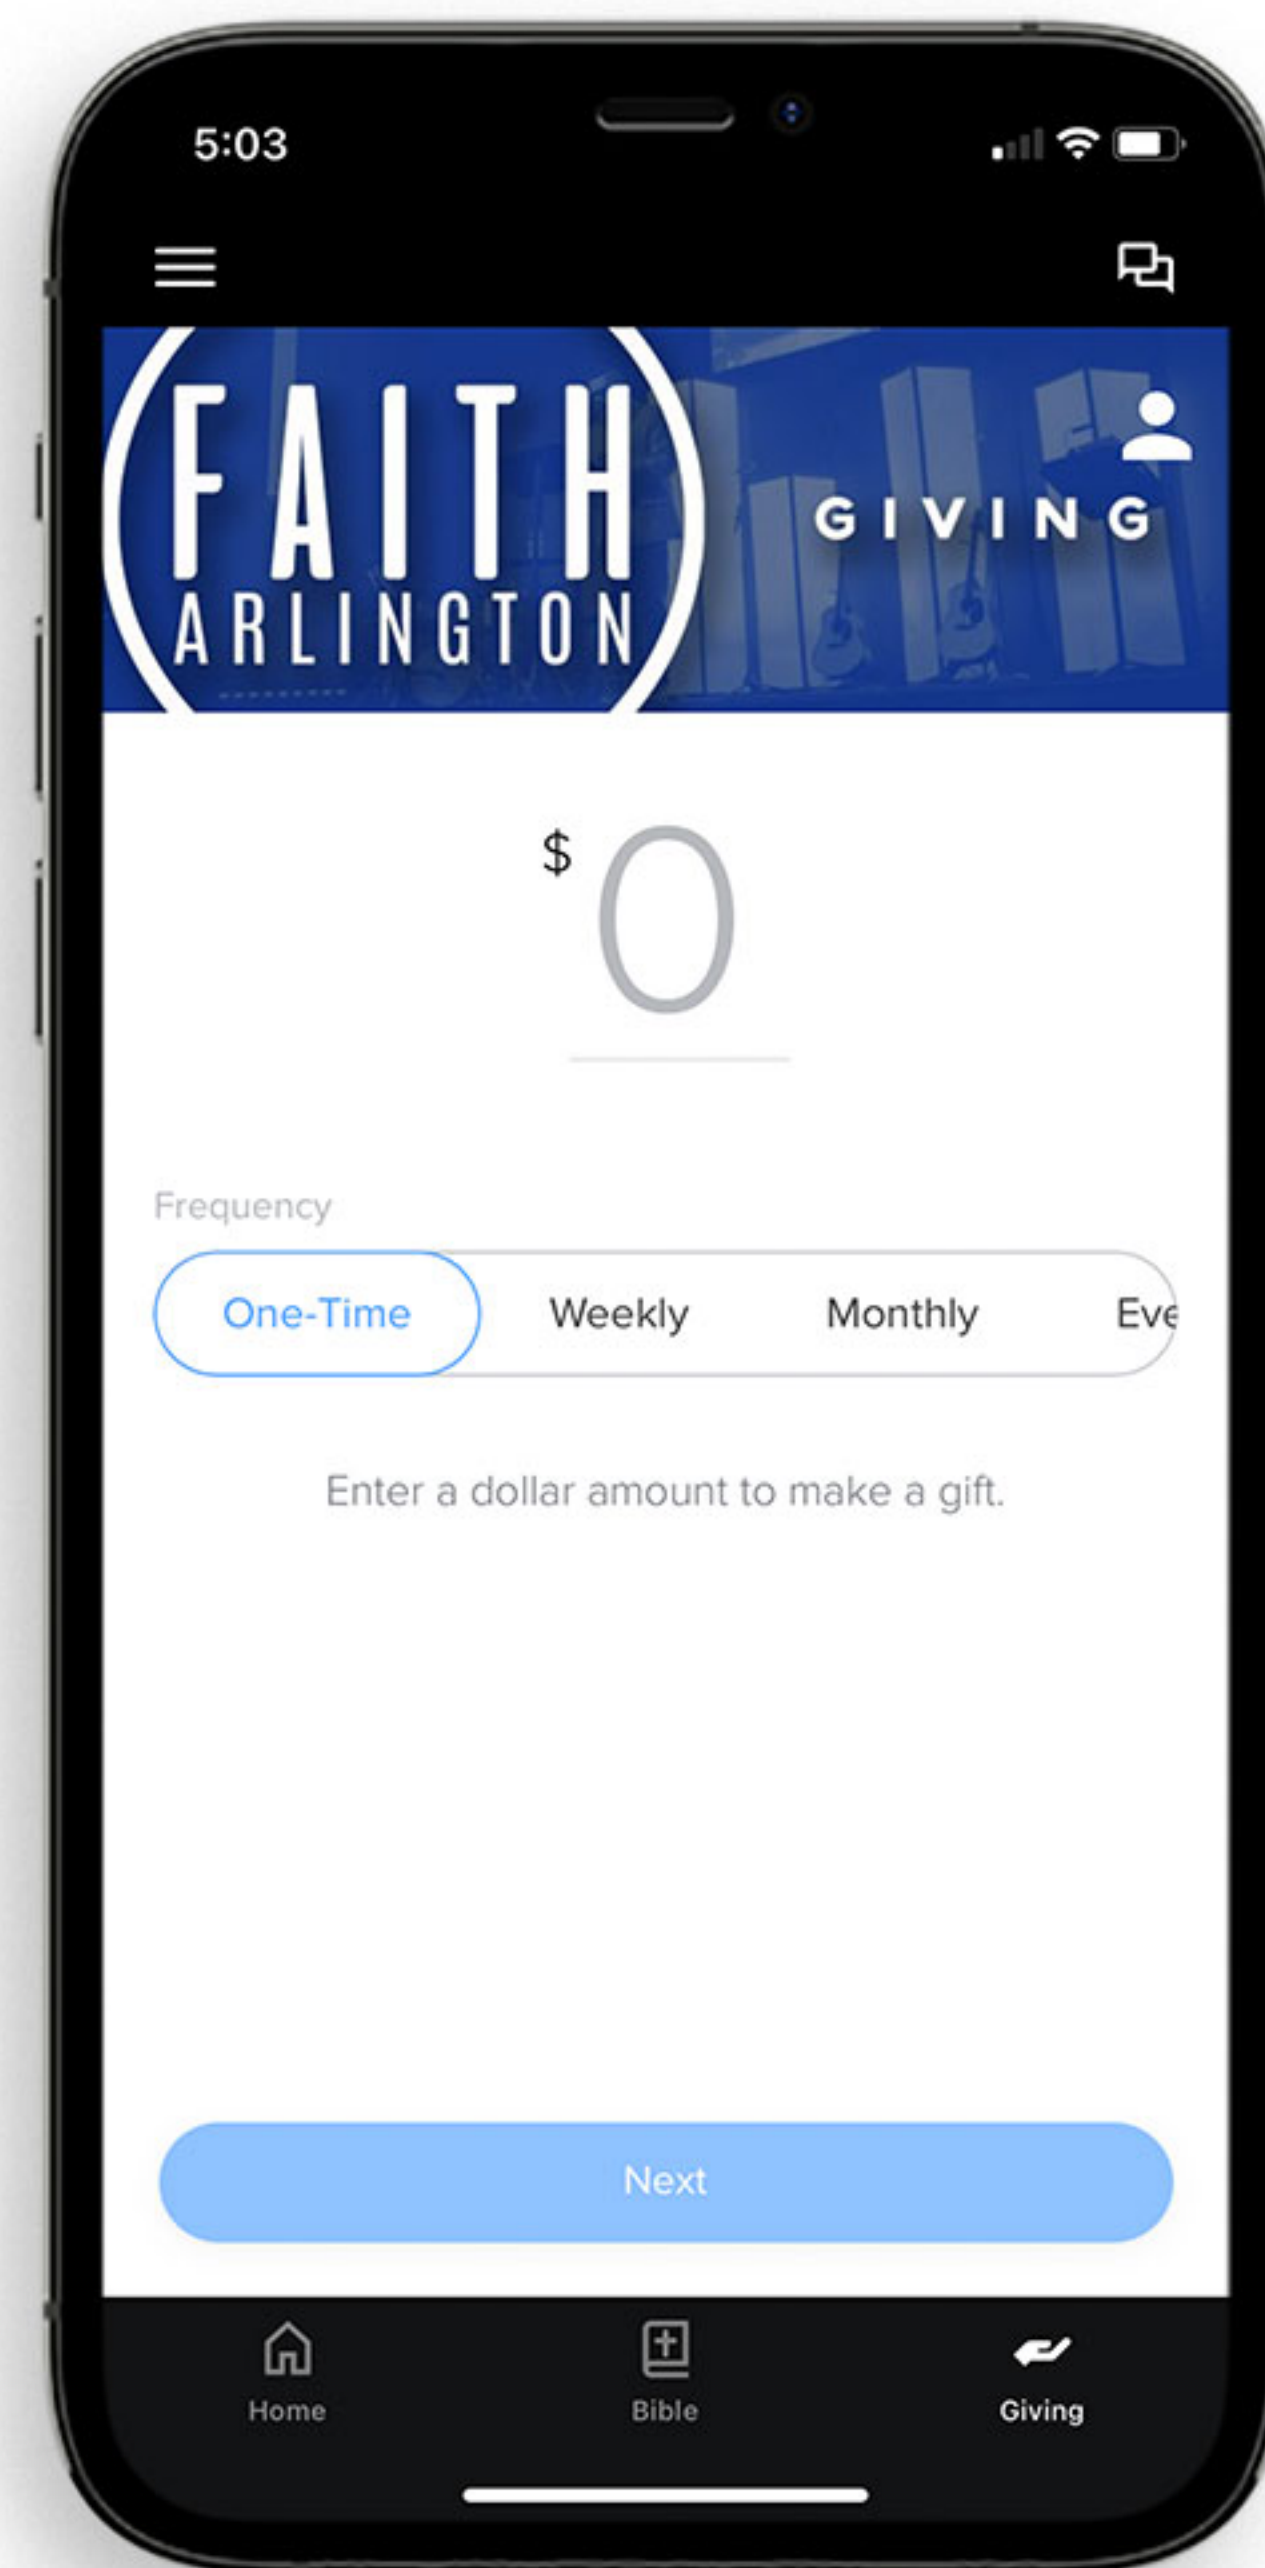

## ONLINE GIVING

Use the Giving tab to make one-time gifts or to set up recurring donations.

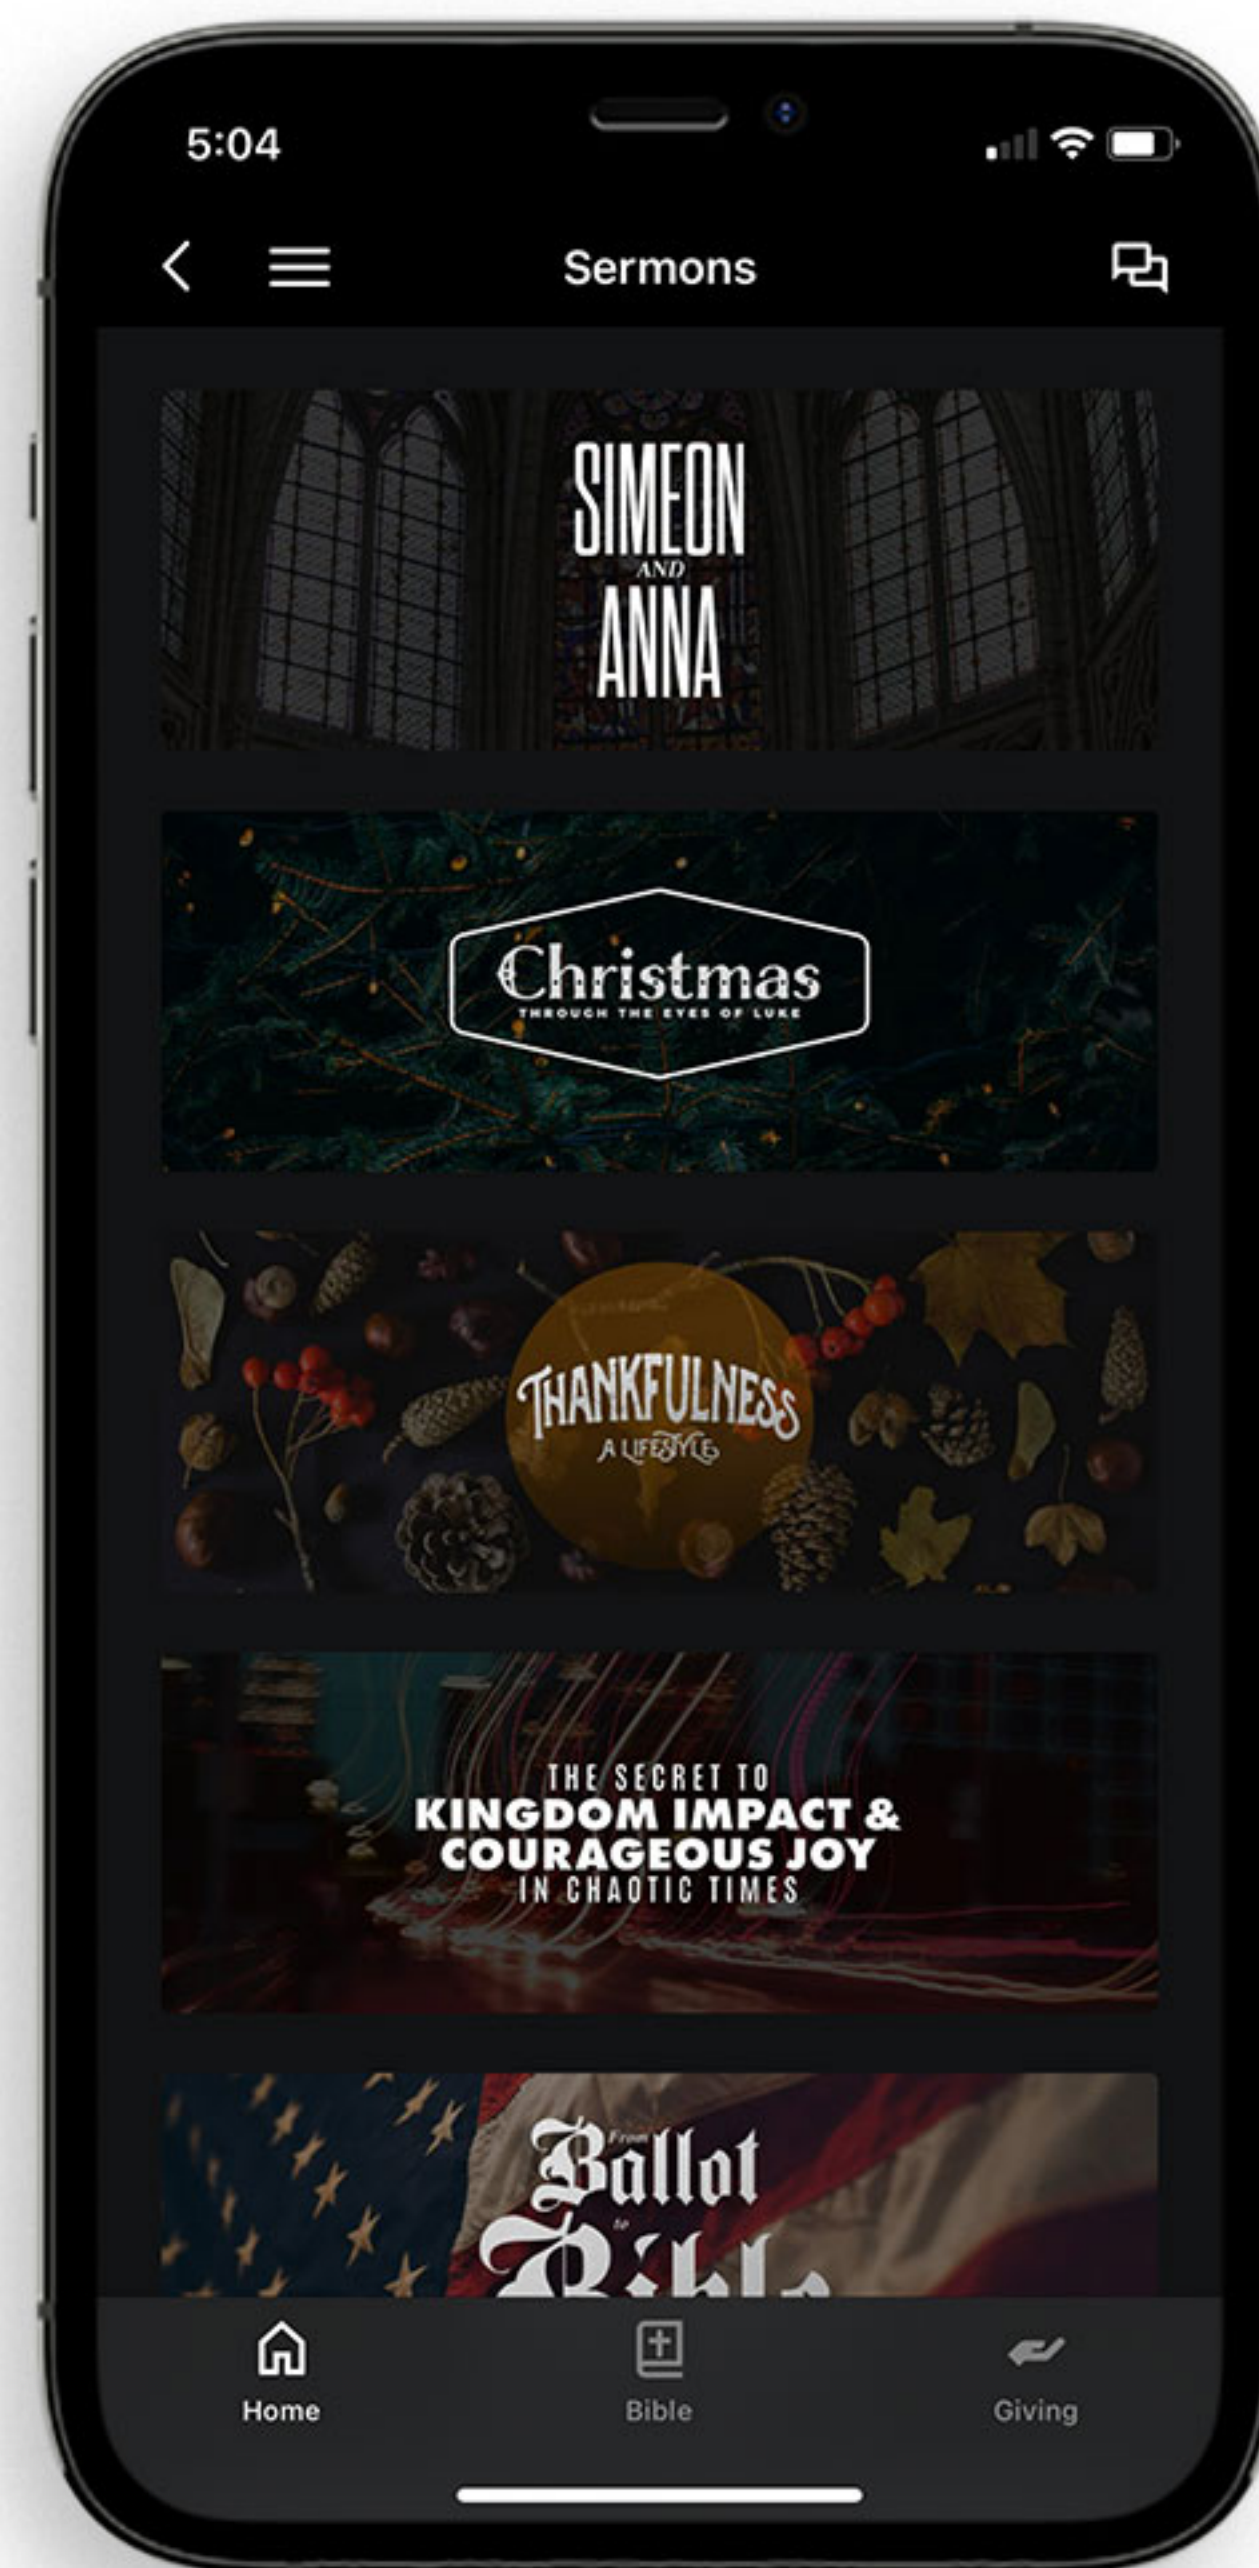

Please consider signing up for an account and giving via ACH (bank account) to take advantage of the lowest fees.

## S E R M O N S

From the Home screen, you have access to the latest sermons! This will be updated each week so you can catch up on anything that you've missed, go back and re-watch, or share with someone you think should hear!

# SERMON LISTENING GUIDES

Sermon Listening Guides are a great way to follow along with each week's message. Use the fill in the blank section at the top to follow along, and tap the blue box in the bottom right if you'd like to add your own notes!

(verse 7)

*Click the box if you'd like to add your own notes*

CLEAR EMAIL

# SERMON LISTENING GUIDES

When you're done, you may want to email your notes to yourself to archive them!

Most user-inputted notes will be saved in the app, but if you delete or reinstall the app or switch to a new device, you may lose them. We suggest emailing the notes to yourself if you want to keep them archived!
